

A09-0027

***National
Environmental
Achievement Track***

Application Form

City of Scottsdale

Name of facility

N/A

Name of parent company (if any)

7447 E. Indian School Road

Street address

Suite 300

Street address (continued)

Scottsdale, AZ 85251

City/State/Zip code

Give us information about your contact person for the
National Environmental Achievement Track Program.

Name Randy Grant

Title Environmental Planning & Design Director

Phone (480) 312-7995

Fax (480) 312-2455

E-mail rgrant@ci.scottsdale.az.us

Why do we need this information?

EPA needs background information on your facility to evaluate your application.

What do you need to do?

- Provide background information on your facility.
- Identify your environmental requirements.

Section A

Tell us about your facility.

1 What do you do or make at your facility?

The City of Scottsdale is a municipal government and provides the following services for it's community (water, sewer, solid waste, police, recreation, and transit).

2 List the Standard Industrial Classification (SIC) code(s) or North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.

SIC
4941, 4952, 9511, 9631, 9199, 9311, 2759, 4225, 7334, 8721

NAICS
22131, 22132, 92411, 92613, 92113, 92119, 323119, 49311, 561439, 541219

3 Does your company meet the Small Business Administration definition of a small business for your sector?

☐ Yes ☒ No

4 How many employees (full-time equivalents) currently work at your facility?

- ☐ Fewer than 50
☐ 50-99
☐ 100-499
☐ 500-1,000
☒ More than 1,000

Section A, continued

5 Does your facility have an EPA ID number(s)?

☒ Yes

☐ No

If yes, list in the right-hand column.

AZD981651276 - Corp Yard
AZR000003822 - 3939 Civic Center

6 Identify the environmental requirements that apply to your facility. Use the Environmental Requirements Checklist, at the back of the instructions, as a reference. List your requirements to the right **or** enclose a completed Checklist with your application.

See attached legal matrix and Environmental Requirements Checklist.

7 Check the appropriate box in the right-hand column.

☒ I've listed the requirements above.

☒ I've enclosed the Checklist with my application.

8 Optional: Is there anything else you would like to tell us about your facility?

a) The City of Scottsdale was selected by the USEPA to participate in a pilot project for the development of environmental management systems in municipalities. This project helped Scottsdale to develop a management system consistent with private sector standards for environmental performance (ISO 14001) and proved successful results. Visit our EMS website (<http://www.ci.scottsdale.az.us/ecosystem>) for a comprehensive overview of our EMS efforts implementation and development programs.

b) The City completed it's re-certification process under the Presidential VPP (Voluntary Protection Program) in early 2000 and received the STAR (Safety Through Accountability and Recognition) award.

c) See attached community profile.

Why do we need this information?

Facilities must have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- Confirm that your EMS meets the Achievement Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

Section B

Tell us about your EMS.

1 Check **yes** if your EMS meets the requirements for each element below as defined in the instructions.

- | | |
|--|---|
| <i>a.</i> Environmental policy | <input checked="" type="checkbox"/> Yes |
| <i>b.</i> Planning | <input checked="" type="checkbox"/> Yes |
| <i>c.</i> Implementation and operation | <input checked="" type="checkbox"/> Yes |
| <i>d.</i> Checking and corrective action | <input checked="" type="checkbox"/> Yes |
| <i>e.</i> Management review | <input checked="" type="checkbox"/> Yes |

2 Have you completed at least one EMS cycle (plan-do-check-act)? ☒ Yes

3 Did this cycle include both an EMS and a compliance audit? ☒ Yes

4 Have you completed an objective self-assessment or third-party assessment of your EMS? ☒ Yes

If yes, what method of EMS assessment did you use?

☒ Self-assessment

☐ GEMI

☒ Other

☐ CEMP

Self-assessment

☐ Third-party assessment

☐ ISO 14001 Certification

☐ Other

Why do we need this information?

Facilities must show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

- 1 Describe your past achievements for at least two environmental aspects. If you need more space than is provided, attach copies of this page.

Note to small facilities: If you qualify as a small facility as defined in the instructions, you are required to report past achievement for at least one environmental aspect.

First aspect you've selected

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
	Quantity	Units	Quantity	Units
Air Emmissions - Alternative Fuel Use (CNG)	1,457.4	gal/month	4,337.0	gal/month
<p>i. How is the current level an improvement over the previous level?</p> <p>Dual fueled city fleet vehicles now use three (3) times more Compressed Natural Gas (CNG) compared to one (1) year ago. In these dual fueled vehicles, unleaded gas usage decreased by 10% despite a 20% increase in the total number of dual fueled vehicles in the fleet. There was a 29% increase in total fuel usage, but all of the increase (plus more) was in CNG use. CNG burns cleaner, resulting in fewer air pollution emissions.</p> <p>ii. How did you achieve this improvement?</p> <p>The improvement resulted from an incentive/recognition program jointly promoted by Fleet Management and the Environmental Planning & Design Office. Fleet Management also increased their annual budget to convert all new eligible fleet vehicles to dual fuel capacity.</p>				

Second aspect you've selected

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
Energy Use - Energy Efficiency, Green Lights Retrofit Program	Quantity x - 38,474	Units Kwh	Quantity x - 1,580,000	Units Kwh

i. How is the current level an improvement over the previous level?

The city's total energy bill was approximately \$4 million annually in 1997. Today the annual bill is approximately \$3.3 million. A portion of that decrease is attributable to the Green Lights Retrofit Program.

In City facilities totalling 623,797 sq/ft., the annual energy savings totalled \$79,513. The reduced Kwh of energy use translates to 3,300,000 pounds of pollution avoided annually. The air pollutants minimized are carbon dioxide, sulphur dioxide, and nitrates of oxygen.

ii. How did you achieve this improvement?

Retrofit more than 90% of all City facilities over a four year period with energy efficient lighting.

- 2 Select at least four environmental aspects (no more than two from any one category) from the Environmental Performance Table in the instructions and then tell us about your future commitments. If you need more space than is provided, attach copies of this section.

Note to small facilities: If you are a small facility, you are required to make commitments for at least two environmental aspects in two different categories.

First aspect you've selected

a. What is the aspect? Energy Use from HVAC system

b. Is this aspect identified as significant in your EMS? ☒ Yes ☐ No

c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.

☐ Option A: Absolute value

☒ Option B: In terms of units of production or output

(Quantity/Units)

Approx. 548,347 pounds of pollution generated by energy required to

operate City HVAC
systems
(Quantity/Units)

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☐ Option A:
Absolute value

(Quantity/Units)

☒ Option B:
In terms of
units of production
or output

5% reduction (e.g.
27,417 pounds) of
pollutants generated by
HVAC system energy
use within three years
(Quantity/Units)

e. How will you achieve this improvement?

HVAC systems generate roughly 40% of the Total City facility energy use. The City projects and commits to a 5% reduction of pollutants (e.g. carbon dioxide, sulphur dioxide, and nitrates of oxygen) by implementing an enhanced HVAC (Heating, Ventilation, and Air Conditioning) preventative maintenance program.

Second aspect you've selected

a. What is the aspect?

Preservation/Restoration

b. Is this aspect identified as significant in your EMS?

☒ Yes ☐ No

c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A:
Absolute value

12,275 acres of
preserved habitat
(Quantity/Units)

☐ Option B:
In terms of
units of production
or output

(Quantity/Units)

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A:
Absolute value

Acquire, restore, and/or
enhance an additional
2,500 acres of wildlife
habitat within three
years.
(Quantity/Units)

☐ Option B:
In terms of
units of production
or output

(Quantity/Units)

e. How will you achieve this improvement?

1. Land acquisition 2. Schedule preservation
clean-ups 3. Revise City ordinances 4. improve trail
signage

Third aspect you've selected

a. What is the aspect?

Air Emissions - Emissions of VOC's from City fleet vehicles

b. Is this aspect identified as significant in your EMS?

☐ Yes ☐ No

c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.

☐ Option A:
Absolute value

☐ Option B:
In terms of
units of production
or output

1) 5,800 gallons of
unleaded gasoline or
_____ pounds of VOC
emissions annually

2) 136 City fleet
vehicles currently
converted for dual-fuel
(CNG) usage

(Quantity/Units)

(Quantity/Units)

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A:
Absolute value

(Quantity/Units)

☒ Option B:
In terms of
units of production
or output

1) 5% reduction of VOC
emissions or _____
pounds within next
three years

2) 5% increase of City
fleet vehicles converted
with dual-fuel
capabilities

(Quantity/Units)

e. How will you achieve this improvement?

Encourage through policy and recognition the increase of CNG usage. Allocate funding to convert additional city fleet vehicles with alternative fueled capabilities.

Fourth aspect you've selected

a. What is the aspect?

Total Solid Waste - Green waste

b. Is this aspect identified as significant in your EMS?

☐ Yes ☒ No

c. What is the current level? You may choose to state

☐ Option A:
Absolute value

this as an absolute value or in terms of units of production or output.

☒ Option B:
In terms of
units of production
or output

(Quantity/Units)

13,492 tons of green
waste disposed in
landfill
(Quantity/Units)

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A:
Absolute value

Divert 5% of total green
waste presently
landfilled and reuse as
compost
(Quantity/Units)

☐ Option B:
In terms of
units of production
or output

(Quantity/Units)

e. How will you achieve this improvement?

Develop a pilot project for the reuse of green waste (brush, leaves, manure, stems, etc..) materials presently landfilled. Partner with non-profit agricultural organizations, and citizen environmental advisory board to monitor and manage a centralized, seasonal, compost program.

Why do we need this information?

Facilities must demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

Section D

Tell us about your public outreach and reporting

What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

1 How do you identify and respond to community concerns?

Our current methods to receive and respond to community concerns are both centralized and decentralized. For example 1) an environmentally focused call, letter, or e-mail may initially go to our Mayors office and then to our office for dissemination; 2) these same concerns may be directed to other divisions who then forward to our attention for addressing or again dissemination to another department; or 3) our office may be the recipient of the initial call to either address the issue and/or disseminate to another department.

Other examples include:

1. Our environmental hotline (480-312-7990) where citizens may call to address their general concerns and/or seek information.
2. All City of Scottsdale web based pages now include a question of whether the page was useful or not.
3. Most of our hard copy publications, including the Environmental Initiatives Report, includes a pull-out flyer to comment on the publication. This flyer includes postage.
4. During public meetings, citizens may comment verbally in front of the City Council to specific environmental questions. During these matters, staff will address the City Council and

provide a response to the citizen's question.

5. Issues such as Superfund, fugitive dusts, and other specific community concerns, may also be addressed through home owner association meetings, satellite public meetings, and/or presentations to citizen boards, commissions, or committees.

2 How do you inform community members of important matters that affect them?

The City utilizes multiple forms of media to educate and/or inform its citizenry of upcoming matters. This includes a city cable TV channel; press releases to TV, Radio, Newspapers; Website updates; Utility billing inserts; Citizen Service Centers; public meetings; and newsletters.

3 How will you make the Achievement Track Annual Performance Report available to the public?

☒ Website
www.ci.scottsdale.az.us/environmental

☒ Newspaper

☒ Open Houses

☒ Other

Internal newsletters for employees

Quarterly newsletter for citizenry

Formal presentation to Mayor/Council

4 Are there any ongoing citizen suits against your facility?

☐ Yes ☒ No

If yes, describe briefly in the right-hand column.

5 List references below

Organization

Name

Phone number

- 4 Are there any ongoing citizen suits against your facility? ☐ Yes ☒ No

If yes, describe briefly in the right-hand column.

5 List references below

	<i>Organization</i>	<i>Name</i>	<i>Phone number</i>
<i>Representative of a Community/Citizen Group</i>	Scottsdale Environmental Quality Advisory Board	Bodo Deihn	(480) 423-3451
<i>State/Local Regulator</i>	Arizona Department of Environmental Quality	Greg Workman	(602) 207-4103
<i>Other community/local reference</i>	Arizona Attorney General's Office	David Ronald	(602) 542-8505

Section E

Application and Participation Statement

On behalf of the City of Scottsdale
[my facility],

I certify that

- I have read and agree to the terms and conditions, as specified in the *National Environmental Achievement Track Program Description* and in the *Application Instructions*;
- I have personally examined and am familiar with the information contained in this Application (including, if attached, the Environmental Requirements Checklist). The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Achievement Track EMS requirements, including systems to maintain compliance with all applicable federal, state, tribal, and local environmental requirements, in place at the facility, and the EMS will be maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable federal, state, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Achievement Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Environmental Requirements Checklist

The following Checklist is provided to assist facilities in answering Section A, "Tell us about your facility," Question 6. The Checklist is given to help facilities identify the major federal, state, tribal, and local environmental requirements applicable at their facilities. The Checklist is not intended to be an exhaustive list of all environmental requirements that may be applicable at an individual facility.

If you use this Checklist and choose to submit it with your application, fill in your facility information below and enclose the completed Checklist with your application (see instructions).

Facility Name City of Scottsdale
Facility Location: 261 City facilities within City limits
Facility ID Number(s): N/A
(attach additional sheets if necessary)
